Sub Division Office, Sagar
Dated 17th November 1893

To

The Deputy Commissioner
Shimoga

Sir,

I have the honor to forward for sanction of the Government a plan and Estimate amounting to Rupees 3926 for the complete repairs of the Ramashwara Temple at Keladi, Sagar Taluk, prepared by the Public Works Department at my request.

2. I have inspected the Temple in September last and found that the repairs now recommended are—

necessary to preserve it from falling down.

3. The Temple is under the management of the Irrigation Department and the Devotees are not willing to pay any contribution towards the upkeep.

4. A sum of Rs. 4020-15-1 is stated to be at the credit of the Institution under "Hon. Head" at the end of July last, and the required certificate may be obtained from the District Treasury Department.

5. A small Estimate for Rs. 125 was submitted with this Office letter No. 2927 the 14th Instant. This was intended for execution of very urgent repairs.

The people have contributed Rs 26/- to pick up the timber materials of the fallen portions of the Chandrasaley tea. If the large Estimate now submitted is sanctioned at an early date it will not be necessary to sanction the one alluded to in this para.

6. Rupees 26 contributed by the people will be sufficient for picking and preserving the timber and other materials.

No. 242/20 Rm. 6

In forwarding copy of the marginally noted correspondence together with the supplemental Estimate for Rs 2076/ (with enclosures) for repairing the Keladi Rameshwara temple, has the honor to request that sanction of Government may be accorded to the same.

2. The usual Treasury certificate is attached to the Estimate

Abdul Rahman

Sub Division Office, Sagar
Dated 20th/27th August 1894

No. 138.

To

The Deputy Commissioner
Shimoga.

Sir,

In submitting a supplemental Estimate for Rs 2078/- for the repairs of the Ramaswara temple at Keladi, Sagar Taluk, I have the honor to state that the circumstances which necessitated its submission are fully stated in the report accompanying it.

2. An estimate for Rs 3926/- was sanctioned in Government Proceedings No. 621-2 of the 12th December 1893; and Mus 731-92 you will see from previous correspondence that this estimate was for the repairs of the front and rear portions of the Chendrasala, and renewing the concrete on the roofing of the two of the stone temples In addition to this the devotees have according to their promise undertaken the repairs of the two side Chendrasalas at a cost of about 1000 Rs.

3. As explained in the report accompanying the estimate now submitted for sanction, that

that a portion of the front Chenovasala which was in a state of —— repair when the former estimate was prepared, came down since, and other portions suffered materially. The Car house for the repairs of which a lump sum of Rs 50/- was provided, has now to be built anew, the old one having completely fallen down.

4 The works provided for in the supplemental estimate are absolutely necessary for the thorough repairs of the building, and unless the whole is renovated once for all, the money spent on work already sanctioned will be so much loss

5 The repairs sanctioned are now in progress, and a sum of Rs 1742/- was spent up to the close of 1893-94 In like manner the work undertaken by the devotees is in progress, and the whole must be completed in the course of the current year; otherwise the building will suffer further damages which of course means further outlay. I beg for these reasons to request that you will be good enough to obtain Government sanction at an early date to the supplemental estimate

6 Deducting the expenditure of Rs 1742/-, a sum of Rs 3384-2-2 is now at the credit of the temple excluding the item of Rs 6000/- invested in Government Securities

Securities. On sanctioning the supplemental Estimate, the actual amount that will be required for expenditure during the current year, will be ~~Rs 4262/-~~ Thus the funds available will be short by ~~Rs 878/-~~ in round numbers, which seem, I would beg to recommend, might for the present be advanced from general surplus at the disposal of the Mysore Department, and recouped from the sale proceeds of the produce of the temple lands, and interest due on the invested funds.

7 A memo pointing out the source from which funds for this work might be met, and the sanctioned estimate and plan of the building are also submitted for reference

I have &c &c

A/c 552 Encl:—

His Letter No: 138 of 20th Instant,
Submitting

submitting a Supplemental Estimate for Rs 2078/- for the repairs of the Ramashwara Temple at Keladi

With reference to the above, has the honor to request the submission of the Vernacular papers on the subject. If the Dharmadhurseis or Chief Votaries, if there are no Dharmadhurseis, have not given their Consent to the revised Estimate and proposals, it should be obtained, or if they have any objections against these, or have to make any other proposals, it may be reported for consideration as early as possible

(Sgd) Abdul Rahiman KBle
Dy: Commissioner

From

The Sub Division Officer
Sagar

To

The Deputy Commissioner,
Shimoga

Dated 6th September 1894

No 1115 Enc.—

His docket No 552 dated 29th Instant, requesting to send Vernacular papers on the subject of further repairs as per Supplemental Estimate for Rs 2078/- to the Rameshwara) Devaroo Temple at Keladi

Kilari

With reference to the above has the honor to state that no vernacular correspondence has taken place on this subject. The Estimate in question was prepared at the request of the undersigned the work being under his supervision.

2. No Dharmadarsees have yet been appointed to the temple in question, but all the leading persons residing in Kilari and adjoining villages, who are interested in the temple, were consulted, and the proposed improvements are as suggested by them.

3. The temple was inspected very recently by the undersigned in Company with the Amildar and the Overseer No. II Sub Division; when some of the persons who have undertaken the repairs of the side Chendrasalys were present, and they said that the revised Estimate embraces all the work needed for the thorough repairs of the temple.

4 One of the rend Chendrasala and a portion of the frontage has been re-roofed. The work which had been stopped owing to rains will be recommenced in a couple of weeks. Greater portion of the work provided for in the Supplemental Estimate being for the reconstruction of the frontage

frontage or front Chenorasala, which has since fallen down, and all the four Chenorasalas being one continuous structure, the work cannot be executed piecemeal. It is therefore requested that early sanction might be obtained to the Supplemental Estimate so that the whole work be executed this season.
